

Idaho Toolkit Refresher Training

One Plan Concept

Using the Resource Inventory and Build Your Own Practice Layers

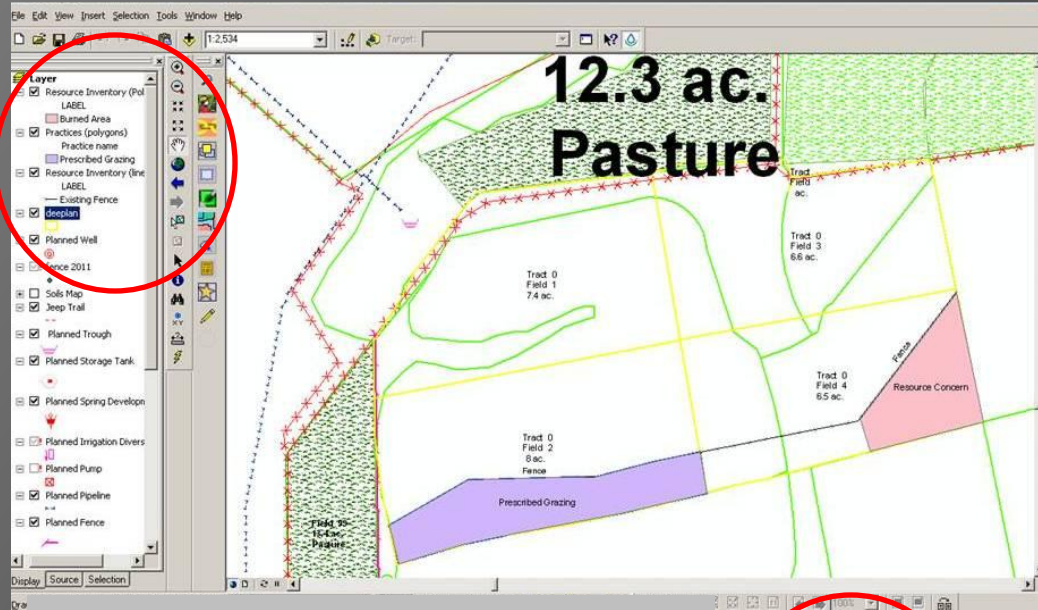

Revising or adding to the Master Plan:

3. Using the Resource Inventory

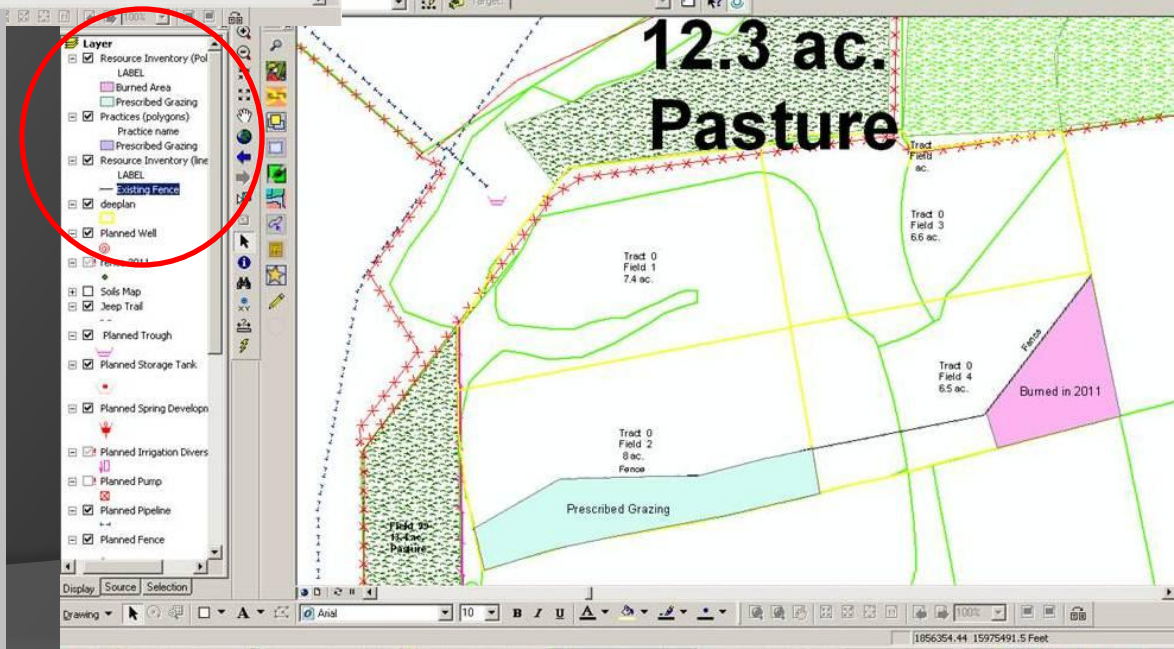

Revising or adding to the Master Plan:

3. Resource Inventory Layer and Practice Layer

After a contract is completed, practices can be copied from the Practice Layer and placed in the Resource Inventory layer as an existing practice.

Revising or adding to the Master Plan:

4. Build Your Own Layers – Copying to the Practice Layer

Use the Build Your Own Layer to develop practices - once they are “final”, you can copy and paste into the Practice Layer. The Build Your Own Layer is maintained only on the local server.
